

chairman of the Democratic press committee, at Chicago, asking for facts connected with that prosecution by the Department of Justice, including the present standing of litigation against the trusts. The reply gives a summary of the cases prosecuted substantially as furnished in a report made public two days ago, a copy of which the Attorney-General forwarded to Mr. Danahy. The Attorney-General says that his department has prosecuted all cases under the Sherman anti-trust or interstate commerce laws that have been brought to its attention from responsible sources where the facts disclosed warranted such action.

The Attorney-General's letter says: "There have been instituted during the administration of President Roosevelt 225 proceedings, civil and criminal, under these statutes. Of these seventy-three have been concluded successfully, forty have been concluded unsuccessfully, and 115 are still pending. The various fines imposed in criminal cases amount to \$1,000,000. Under previous Republican administrations there were instituted under these laws twenty-four civil and criminal proceedings, of which thirteen were concluded successfully, six were concluded unsuccessfully, and one is yet pending. The amount of fines imposed in these proceedings was \$5,501.

"Under previous Democratic administrations there were instituted under these laws 141 proceedings, civil and criminal, of which fourteen were concluded successfully, thirty-five were concluded unsuccessfully, and 92 are now pending. The amount of fines imposed in these proceedings amounted to \$1,000,000. I could not inform you how many more prosecutions in the aggregate have been defendants in these cases without an inquiry, which could be attended with considerable delay. The number of cases is quite large, since in most of the civil proceedings there have been numerous defendants of this character. For example, in the suit against the Standard Oil Company of New Jersey and others, there are some seventy corporations, as well as a number of individuals, among the defendants.

"It is, of course, needless for me to say that the mere fact that a corporation or association is called a trust does not make it a trust in my mind, nor does it prove, or tend to prove, that the organization in question is in violation of the Sherman law. It is a violation of Federal law, neither is such guilt suggested by the fact that such organization may do a large and apparently profitable business. The criminal provisions of the statute, generally known as the Sherman anti-trust law, apply only to those who enter into contracts, combinations or conspiracies in restraint of trade, and whose statute provides that such contract, combination or conspiracy shall be void. It is less criminal because it takes the form of a trust, this does not, of course, make it less criminal.

"Since I have been Attorney-General this department has prosecuted, either civilly or criminally, all cases of alleged conspiracy under the statute already mentioned which have been brought to its attention from a responsible source, and in which the results of the investigation, competent and impartial officers disclosed the existence of such facts and of such obtainable evidence to prove them as afforded a reasonable basis for such prosecution. The policy of the department will be the same during the remainder of my term in office."

SHELDON ALLIED WITH MANY TRUSTS

(Continued From First Page.)

he had come to pay his personal respects to Chairman Hitchcock. Business brought him to the city. He said he had recently talked with the President, and that the President had expressed great satisfaction over the work accomplished by Mr. Hitchcock.

MANCHESTER MEN GUESTS AT SMOKER

Annexation of Manchester will be discussed at a smoker to be given by the Chamber of Commerce in the Jefferson Hotel auditorium on Thursday evening, October 15th, at which the Business Men's Association of Manchester and Chesterfield will be the guests of the Richmond chamber. The plan was outlined at a meeting of the board of directors of the Chamber of Commerce held yesterday. This gathering will take the place of the regular quarterly meeting of the chamber, deferred from Thursday, October 15th, on account of the State Fair. At the smoker there will be at least one set address on the general question of annexation, followed by a more or less informal discussion of the commercial reasons for and against the consolidation of the two cities. The smoker is the first of a series of plans by the board of directors to bring to the membership of the Chamber of Commerce together informally from time to time for a discussion of public and industrial questions.

The board passed a resolution requesting all business interests to close on Wednesday, October 7th, Richmond Day at the State Fair.

Nathan Straus, chairman of the Business Men's National Bryan and Kern Association, has announced that members of that committee from the various States. The organization, headed by Mr. Straus, who is known all over the world as a practical philanthropist as well as one of America's leading business men, is taking a leading part in the campaign. The high standing character of the men who compose this committee in the several States is one of the best indications that the forces united for Bryan and

Kern's election will be successful. Mr. Straus gets many letters from business men in support of his confidence that the election of Mr. Bryan will promote business prosperity in the country. The members of this committee from the State of Virginia announced by Chairman Straus are as follows:

Major James D. Patton, Richmond; Colonel John S. Harwood, Richmond; W. C. Bentley, Richmond; Major L. T. Christian, Richmond; James B. Pace, Richmond; John C. Frazier, Richmond; John C. Frazier, Richmond; Isaac Held, Richmond; William A. Pratt,

Staunton; Edward Echols, Staunton; G. A. Schmeiz, Newport News; L. P. Stearnes, Newport News; James V. Trehy, Norfolk; C. Brooks Johnson, Norfolk; T. S. Southgate, Norfolk; Simon Seward, Petersburg; Colonel George Cameron, Jr., Petersburg; W. A. Land, Blackstone; Colonel M. M. Bowman, Salem; George B. Keenel, Keselottown; C. C. Burkhead, South Boston; Captain Tipton D. Jennings, Lynchburg; Carter Glass, Lynchburg; W. W. Baker, Hallsboro; Colonel C. Penton Day, Smithfield.

INITIATE GOATS

Seven Members Are Taken in by Phi Chi Fraternity.

Seven "goats" were initiated last night into the mysteries of the chapter at the Hotel College of Virginia of the Phi Chi Fraternity. The ceremony followed a banquet, at which "goats" and members sat down together. The goats were given names, and the ceremony was a very interesting one. Those who were initiated in and to whom the goat signs and the goat were given are: John Barry, of Tappanhanock; Warner Lewis of Miller's Tavern; R. S. Parker, of Centerville; Mr. H. H. Farnville, A. M. Sneed, of Stafford; M. McBride, of Fredericksburg; and W. W. Hargrove, of West Point.

AMUSEMENTS

Academy—Matinee, "Winter's Tale"; night, "The Merchant of Venice." Bijou—Ward & Vokes. Colonial—Keith's Vandeville.

"The Winter's Tale." In his double role of Leontes and Autolycus, playing Shakespeare's "Winter's Tale" at the Academy last evening to almost empty benches, Mr. Charles B. Hanford might have still hoped for some measure of success had the building been at all comfortable. As it was, a handful of people, mostly schoolgirls and boys, shivered in their seats through the acts, and were glad when the curtain fell on the last scene. Miss Dornan, as Hermione and Perdita, made her best impression in the last scene. As a reanimated statue she was not by any means uninteresting. The dancing and singing neither deserved nor elicited applause, and, aside from the principal roles, the acting was decidedly mediocre.

It must be discouraging for a man of such known ability as Mr. Hanford to play under such disadvantages as these which prevented him from being last evening what he really is—an accomplished scholar and interpreter of the drama.

Howitzer's Inspection. The Howitzer and master of the Richmond Howitzer, "the largest battery in the United States," will take place at the army Monday night.

Mr. Saunders Honored. Mr. Clyde W. Saunders, of this city, has been appointed by the National Democratic Club, the Virginia representative of the National Association of Democratic Clubs.

Kindness, and "The Bible." Epworth League at 7 o'clock, conducted by Mr. J. R. Johnson, from Clay Street M. E. Church, Richmond. Subject, "Temperance." A male quintet, composed of Messrs. Morrisette, Smith, Adkin, Craze and Renner, will sing two selections. All are welcome.

Colored Y. M. C. A. The season for the work of the colored Young Men's Christian Association will open on to-morrow afternoon at 3:30, when the Rev. J. C. Williams will preach a special sermon to the association at Third Street Methodist Church. The church choir, led by Director John Walker, will furnish music.

Persons and Brides. Mrs. James Schultz, of 261 East Eleventh Street, is critically ill at the Virginia Hospital, in Richmond. Mrs. Schultz recently underwent a serious operation. Her mother, husband and brother were summoned to her bedside yesterday.

Dr. J. C. Stewart, of Richmond, will preach this afternoon at 4 o'clock in the lecture room of the Presbyterian Church. The sermon will be a preparatory one for those who will receive the Holy Communion to-morrow morning.

Mr. J. T. Lewis, of No. 107 Colonial Avenue, has left for Boston, Mass., on a business trip.

Mayor Maurice J. A. Chesterfield county visiting relatives. He expects to be home in time for court Monday morning. In the meantime "Squire Jordan" is presiding over the Police Court.

Henry Robb, son of Alex. Robb, who was shot on September 1st, has improved so he can return to his home, near Forest Hill.

At Asbury Church Sunday the pastor, the Rev. W. G. Burch, will preach at both services. Communion service in the morning, and at night he will preach for his brother, "Our Wonderful Brother." The choir will sing in the morning, "The Lord Be With Us," and a duet, "My Mother's Bible," by Miss Belle Horner and Mrs. Dent. At night "We Have Thought of Thy Loving"

Be this as it may, the sudden order from Washington recalling the full force of men to work at the big shops is hailed with eager and genuine gladness. It means permanent employment for 500 workmen, the majority of whom are heads of families in this city.

Increase in Postal Receipts. Postmaster T. H. Smith said yesterday that the increase in receipts at the Manchester post-office during the

past fiscal year were very gratifying. The receipts ran 15 per cent. above those of last year, and represented a very handsome grand total.

Mr. Smith explained this increase as resulting from the great number of new manufacturing plants attracted to Manchester by her superior facilities, and which are now purchasing from this post-office.

Roberts—Williams. Mr. William W. Roberts and Miss May Williams were married Wednesday night at 8 o'clock in the Central Baptist Church, of Chesterfield, about eight miles from this city, the pastor, the Rev. St. George T. Abrahams, officiating.

The church ceremony was followed by a reception at the home of Mrs. Sarah Williams, mother of the bride, during which refreshments were served and music rendered.

A large number of friends were present at the nuptials.

Persons and Brides. Mrs. James Schultz, of 261 East Eleventh Street, is critically ill at the Virginia Hospital, in Richmond. Mrs. Schultz recently underwent a serious operation. Her mother, husband and brother were summoned to her bedside yesterday.

CURE FOLLOWED YEAR OF AGONY

Intense Itching Eczema Drove Him Nearly to Despair—Chief Surgeon of a London Hospital Called It Worst Case He Had Ever Seen—Got Little or No Relief Until

CUTICURA STOPPED HIS UNBEARABLE TORTURE

"About four years ago, in London, I was troubled by a severe itching and dry, scurfy skin disease, known as Eczema. I tried many so-called remedies, but I got little or no relief. Then I used Cuticura. It stopped my unbearable torture. I am now well and happy."—J. C. Williams, Chief Surgeon of a London Hospital.

thousands of small red pimples formed. On becoming dry, these caused intense itching. I was advised to go to the hospital for diseases of the skin. I did so and was an out-patient for a month or more, the chief surgeon saying: 'I never saw such a bad case of eczema.' But I got little or no relief. Then I tried many so-called remedies, but I got little or no relief. Then I used Cuticura. It stopped my unbearable torture. I am now well and happy."—J. C. Williams, Chief Surgeon of a London Hospital.

After ten days, thousands of small red pimples formed. On becoming dry, these caused intense itching. I was advised to go to the hospital for diseases of the skin. I did so and was an out-patient for a month or more, the chief surgeon saying: 'I never saw such a bad case of eczema.' But I got little or no relief. I did so and was an out-patient for a month or more, the chief surgeon saying: 'I never saw such a bad case of eczema.' But I got little or no relief. Then I tried many so-called remedies, but I got little or no relief. Then I used Cuticura. It stopped my unbearable torture. I am now well and happy."—J. C. Williams, Chief Surgeon of a London Hospital.

After ten days, thousands of small red pimples formed. On becoming dry, these caused intense itching. I was advised to go to the hospital for diseases of the skin. I did so and was an out-patient for a month or more, the chief surgeon saying: 'I never saw such a bad case of eczema.' But I got little or no relief. Then I tried many so-called remedies, but I got little or no relief. Then I used Cuticura. It stopped my unbearable torture. I am now well and happy."—J. C.
